Description of Technical
Assistance/Training Services
or Materials

The project focuses on training on issues of alcohol and other substance abuse in the aging population. This includes prescription and over-the-counter drug abuse/misuse. ASA carries out a wide range of activities, such as formal training sessions and conferences, coalition building, and telephone and on-site TA. ASA utilizes a pool of consultants representing both nationally known experts and California-based professionals with expertise in diagnosis, treatment, program development, public and family education, rural populations, family dynamics, and related topics. ASA maintains a project website, www.asaging.org/aod <<http://www.asaging.org/aod>>, that can be used to access training opportunities, resource information and ask the expert inquiries on issues of substance abuse and older adults.

Populations or
Groups Served

Eligibility Criteria

The aging population (60 and over).

Non-profit and governmental agencies providing services to the aging population and those addressing AOD problems in older adults are eligible for training and TA. Activities which clearly address the project objective of overcoming barriers which prevent older adults from utilizing and benefiting from AOD programs are given highest priority.

Application Procedure
